Time-saving solutions

- Engineered assembly
- System approach
- Fast, safe and easy to install
- Double sided usable rail
- Pre-assembled parts for time-savings
- No loose parts and pieces

BIS RapidRail®

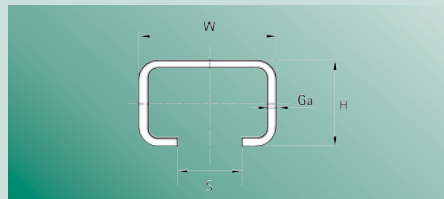

Insert, lock, done!

The BIS RapidRail® system consists of various rail profiles and an extensive range of accessories. The accessories are pre-assembled and 'ready-to-use' at the building site.

The patented plastic spring allows the slide nut to be fixed into the rail easily. BIS RapidRail® is so easy to use, that it is possible to save up to 40% in installation time!

Features and benefits

- quick and easy fixing to the rail
- accessories pre-assembled 'ready-to-use'
- for all light and medium rail applications
- rail WM15 and WM30 easy to use on both sides
- saves up to 40% installation time!

A rail, fit for every application

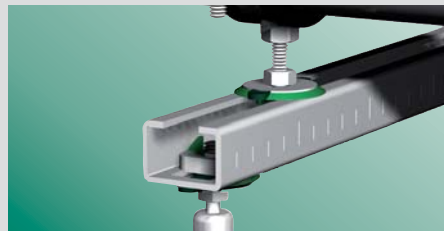

BIS RapidRail® offers an unprecedented choice of rail profiles and cantilever arms.

- rails (lengths 10" - 6' 6")
- cantilever arms (lengths 8" - 20")
- universal wall plate.

Easy fixing to both sides of rail

BIS RapidRail® WM15 and WM30 have a unique hole pattern. The accessories can easily be used on both sides!

Pipe fixing

RAL

The maximum allowed load is tested and certified according to RAL-GZ 655/A which is drawn up by the 'Gütegemeinschaft Rohr-befestigung'. In the test a maximum allowed deflection is taken into consideration.

The 'RAL-Gütezeichen' is exclusively awarded to products that meet high standards and is a proof of quality!
